

## Intensive Academic Preparation (IAP) Program

### January 6-week Intensive course

The IAP program will help give you the language skills you need to complete further study through research, essay and presentation projects. The course uses learning tasks and assignments that simulate the standards of English required at university level.

#### Writing

- Planning and writing an academic research report
- Formulate and use a thesis statement to develop a writing task
- Paraphrase, summarise and use references, citations and bibliography

#### Reading

- Identify key concepts and ideas in a text
- Predicting, skimming and scanning skills

#### Speaking

- Conduct seminars and presentations to a group using appropriate language

#### Listening

- Note taking for lectures

#### Study Skills

- Research techniques
- Use an analytical and critical thinking approach
- Managing a university workload
